Owning a pool is
~~so much work.~~

We're here to make your life easier.

With a variety of services, we offer everything from weekly pool & spa care to Equipment Installation, Warranty, and Pool Cover Repair and Replacement.

Flat Labor Fee for Residential Pools 40' or less [multi-day service]

Initial service: Test water, balance alkalinity and add chlorine. Once alkalinity is balanced, we return to add Revive. Revive is a multi-action product that removes phosphates (algae food), metals including copper and iron, scaling carbonates, organic debris and other contaminants that cause cloudy water. It is formulated for use on new pool start-ups, re-plaster / remodel / refills, spring openings, abandoned pools, severe algae clean-ups, and on-going maintenance of all swimming pools. We return in 24-48 hours to vacuum all materials from the pool floor. May require replacing old cartridges / filters or possibly changing the sand in a sand filter.

Green-to-Clean Service \$450

SPA CARE & SERVICES

Attached Spa or Water Feature **\$25 per month**

Includes vacuum, brush, net and maintenance of a spa or water feature within a Lite, Plus or Premier package.

Frequently Asked Questions.

We are here to help you with any questions you may have. Based on our many years of experience in the pool industry, we are happy to help and offer solutions.

What type of pools do you work on?

We are available to work on any pool whether it be fiberglass, cement/ gunite or vinyl liner pool.

Is the service the same for any pool?

The services are essentially the same but not all pools should be treated the same way. Gunite pools should be cleaned and maintained differently than a vinyl liner pool or a fiberglass swimming pool.

Can I just buy chemicals from you?

Yes, we have a program called Full Circle Pool Care that allows us to ship you the chemicals you need for your pool. Just ask us about it.

Do you work on commercial pools?

While residential is our primary focus, we are able to service commercial establishments, too.

Do you offer "vacation" service?

Yes, we provide one-time service calls to take care of your pool when you are away. We can provide a free estimate based on what you need.

Do you offer "Pool School?"

Yes, we are more than happy to give you expert instruction on how to best take care of your own pool. We'll teach you about pool chemistry, proper maintenance techniques and make sure that you have the right equipment to "do it yourself."

Do you do repairs or warranty work?

Yes, we are available to perform needed repairs and can schedule warranty work.

Do you sell equipment?

Yes, we can provide you with an estimate on equipment repair as well as replacement equipment.

Do you do pool inspections?

Yes, we are available to inspect pools if you are considering purchasing a new home with a pool or if you simply want an opinion on how your pool is operating.

Do you provide contactless service?

Through the use of technology, we are able to enroll you into a program and then schedule visits to your home. We can email you service reports and photos of our completed work.

Do you work on salt water systems?

Yes, we are very familiar with salt water systems and can also help you if you are looking to convert into a salt water format. Ask for a free estimate.

Do you provide and install safety covers?

Yes, we can provide pricing on safety covers and their installation.
